

MEMORANDUM

TO: Veterans and Families
NAVAJO NATION

FROM: 
Aaron Long, Executive Director
Navajo Nation Veterans Administration
Office of President and Vice President

DATE: Thursday, September 24, 2026

SUBJECT: NOTICE TO VETERANS

The Navajo Nation Veterans Administration (NNVA) is notifying Veterans of the Navajo Nation that Form 105 claim forms for financial assistance will not be accepted until November 1, 2026.

Why Until November?

This temporary delay is necessary as the Navajo Nation transitions from one major financial management system to another. The Nation is transitioning from FMIS, its previous financial management system, to the new F@CSM/ERP accounting and financial system.

Because this is a significant change, NNVA staff will utilize this additional preparation time to become properly trained and authorized to use the new system.

We assure all Veterans that the new system is expected to decrease processing and delivery times for faster future payments. The NNVA respectfully asks Veterans for patience and advocacy as we work through this transition.

Veteran Financial Assistance will continue to be available in FY2027.

Thank you for your continued cooperation.

If you have any questions or require additional information, please contact your local Veterans Agency Office of the Navajo Nation Veterans Administration.
